

## WHAT'S ICSY

Integrated Communication Systems (ICSY) is a research lab affiliated with the department of computer science at the University of Kaiserslautern in Germany.

ICSY, in short,

- ▶▶▶ was established in May 1996
- ▶▶▶ consists of a professor and 14 researchers
- ▶▶▶ has an international team
- ▶▶▶ contains DAAD scholarship holders
- ▶▶▶ has collaboration with international universities
- ▶▶▶ works with the most emerging and future technologies

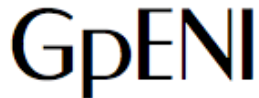

## RESEARCH AREAS

ICSY works with

- ▶▶▶ Grid and Cloud Computing
- ▶▶▶ Service-Oriented Architectures (SOA)
- ▶▶▶ Service-Oriented Network Architectures (Future Internet)

## ONGOING PROJECTS

- ▶▶▶ **GpENI** – An International programmable network testbed

**Contact:**

Dr.-Ing. Bernd Reuther  
reuther@informatik.uni-kl.de

- ▶▶▶ **G-Lab** – Germany wide future Internet research

**Contact:**

Dr.-Ing. Bernd Reuther  
reuther@informatik.uni-kl.de

- ▶▶▶ **G-Lab Deep-G** – Deepening future Internet research

**Contact:**
